

FOR IMMEDIATE RELEASE

## FARONICS TO DEMONSTRATE DEEP FREEZE FOR WINDOWS 8 AND INSIGHT AT EDUCAUSE 2012

**WHO:** Faronics, a global leader in simplifying, securing and managing multi-user computer environments

**WHAT:** Faronics will co-exhibit at EDUCAUSE 2012 alongside partner ComputerLand of Silicon Valley, a leading technology solutions and services provider for businesses, government and educational institutions nationwide. Faronics will demonstrate software products that help manage, simplify, and secure multi-user computing networks in educational environments.

The booth will include:

- **A demonstration of Deep Freeze for Windows 8**, the newest version of Faronics' system-restore software that enables computers running on Windows 8 to operate constantly at full capacity without restricting user access.
- **A demonstration of Insight**, a classroom management tool that helps teachers create a better learning experience for students, while helping IT professionals manage and support multiple labs with ease.

**WHERE:** Booth #726/728 - Colorado Convention Center, 700 14<sup>th</sup> Street, Denver, CO

**WHEN:** Exhibition hall hours:  
Wednesday, November 7      9:30 a.m. – 6:30 p.m.  
Thursday, November 8      10:00 a.m. – 4:30 p.m.

**WHY:** Join Faronics at EDUCAUSE 2012 for the best thinking in higher education IT, and to learn about how Faronics' Deep Freeze for Windows 8 and Faronics Insight create more productive learning environments for both teachers and students in educational institutions.

### About Faronics:

With a well-established record of helping businesses manage, simplify, and secure their IT infrastructure, Faronics makes it possible to do more with less. Faronics offers solutions to manage computer learning environments that reduce IT support tickets, ensure availability and simplify classroom management. Faronics is the only endpoint security software vendor to offer a comprehensive layered security solution consisting of anti-virus, application control, and instant system restore protection. Incorporated in 1996, Faronics has offices in the USA, Canada and the UK, as well as a global network of channel partners. Our solutions are deployed in over 150 countries worldwide, and are helping more than 30,000 organizations.
