WINSELECT

Lockdown Endpoints and
Create Customized Kiosks

DATASHEET

Enable IT teams to get comprehensive end-to-end control over the Windows kiosk user experience, with carefully curated features.

CUSTOMIZABLE USER EXPERIENCE
Customize various aspects of the kiosk user experience, including the kiosk start screen, as well as prevent unauthorized user actions.

REDUCED IT MAINTENANCE COSTS
Eliminate unnecessary troubleshooting reducing kiosk maintenance efforts and ensuing costs.

EASY TO USE INTERFACE
Quickly customize the kiosk home screen and configure usage settings with the easy-to-use, intuitive interface.

STANDARDIZE ENVIRONMENTS
Allow the creation of a typical configuration for various usage scenarios such as public kiosks, library computers and learning environments.

SECURE KIOSKS
Easily disable or prevent saving data to USB drives, disk drives, network and web-based storage, to make kiosks more secure.

MINIMIZED IT INTERVENTION
Provide only the intended Windows functionality to end users, thereby reducing issues caused by tampering with system settings, to minimize IT intervention.

SECURE COMPUTER USAGE
Secure your environment by allowing or blocking a range of IP addresses to ensure secure communication. Block users from accessing specific URLs.

CENTRAL MANAGEMENT
Easily manage, deploy and configure kiosk endpoints using a centralized cloud-based management console.

Key Features

KIOSK DESIGNER
Configure elements on the kiosk screen as per your branding requirements from custom wallpapers to tile icons, font size, font color, and customize text.

PUBLISH APPS OR WEBLINKS
Allow only specific applications, or weblinks with custom icon and supporting text. Automatically launch predetermined applications upon startup, or hide applications needed.

MULTILANGUAGE SUPPORT
Provide users to access the kiosk screen in 7 different languages consisting English, Español, Français, Deutsch, Portugués, Chinese and Japanese.

NETWORK AND WEB CONTROL
Control access to specific websites by allowing only specific ones, or blocking specific ones including IP address or an IP range during the kiosk session.

SESSION TIMER SETTINGS
Create time-limited user sessions with a countdown timer on screen, decide if users have the option to extend session limits and create multiple time segments with reference codes for user input.

MACHINE LOCKDOWN AND PRINT LIMITING
Disable or prevent saving data to USB drives and disk drives. Restrict user access to specific printers and the number of pages that can be printed.

BROWSER RESTRICTIONS
Control which features and options are available within Microsoft Internet Explorer and Mozilla Firefox. Prevent right-clicks within the browser and prevent users from changing the default homepage.

DRIVE AND FILE EXTENSION BLOCKING
Restrict the opening and saving of files on specific drives. Block files with specific extensions to protect your customized kiosk endpoints with cloud enabled layered security.

CLOUD-BASED MANAGEMENT
Manage endpoints across multiple locations from a cloud-based management console to create a kiosk from a web based kiosk designer and apply restrictions efficiently.

Faronics WINSelect Kiosk Cloud Benefits

Controlling user activity on public use and kiosk computers is a problem that IT personnel continually face. IT administrators want a solution that allows them to easily manage user access to certain applications, web sites, and menu options so that they can influence how a workstation is used. Faronics WINSelect Kiosk Cloud protects a computer's purpose by empowering administrators with full control over a workstation's abilities. Windows operating system features, start menu functionality, Internet Explorer, Firefox capabilities, and Windows Explorer options can all be heavily customized to suit the organization's needs.

Intuitive and Simple to Use Features of Kiosk Designer
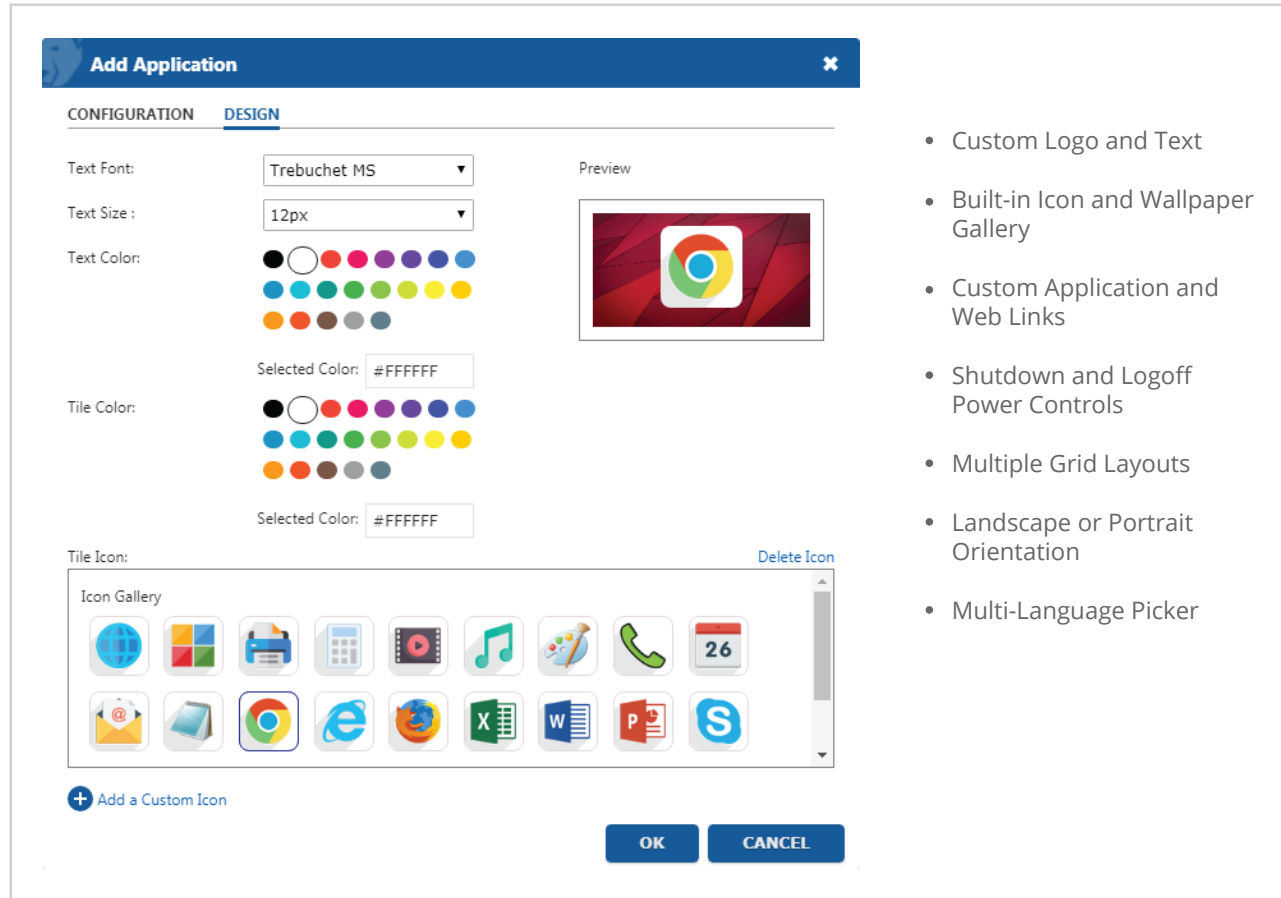

- Custom Logo and Text

- Built-in Icon and Wallpaper Gallery

- Custom Application and Web Links

- Shutdown and Logoff Power Controls

- Multiple Grid Layouts

- Landscape or Portrait Orientation

- Multi-Language Picker
