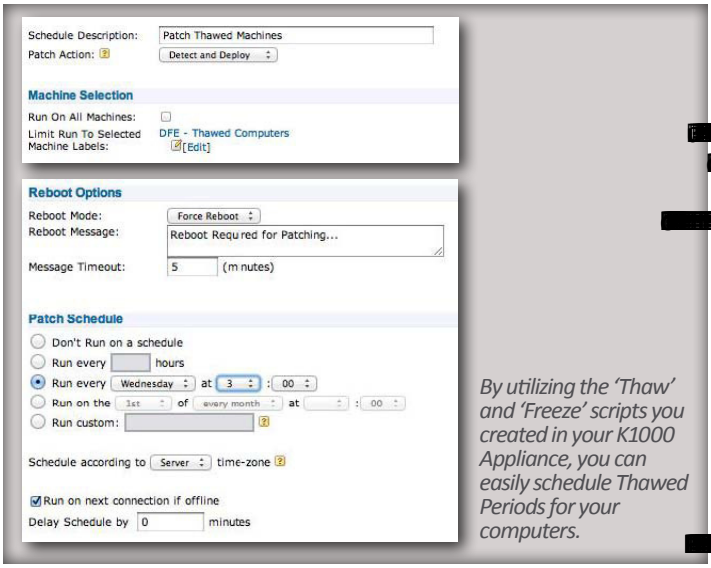
The Dell KACE and Faronics Deep Freeze Solutions Capabilities

Configuration Security: Preserve the perfect configurations on PCs and MACs

Dell AC customers can utilize the built in Command ine Control utility of Deep Freeze nterprise to easily control and manage Deep Freeze from one appliance This integration allo s them to install, configure and provide soft are updates in an automated manner, saving significant time over doing this manually, machine by machine, and helping to ensure this is done fla lessly The result is a computer that remains in the same perfect or ing condition it as setup in days, months, and even years later



By utilizing the 'Thaw' and 'Freeze' scripts you created in your K1000 Appliance, you can easily schedule Thawed Periods for your computers.

Patching: Easy for remote and on-site machines
